DISTRICT FRUIT GROWERS MET TO DISCUSS PLANS FOR LABOUR DURING COMING FRUIT SEASON

Representative Of Labour Department Outlines Problems To Be Met This Year — Wages, Hours Of Work, Need Of Co-Operation With Members Of Farm Service Force Among Topics Covered.

Uniform Wage Rate Said Needed

The problem of keeping Farm Service Force girls busy during the slack weeks between cherries and peaches came in for a lot of discussion at a meeting of the district held in the Masonic Hall last Monday evening. The meeting was called to discuss the labour situation this coming summer, and was in charge of R. E. Sampson, placement officer of the Ontario Department of Labour, who replaced Alex MacLaren, of the Ontario Department of Labour, who was unexpectedly called to Ottawa during the afternoon.

One way of ensuring that the supply of labour would remain after the cherries had been taken off and before work on the peach crop was started was the creation of a fund to be administered by the inter-departmental council responsible for the Farm Service Force. Mr. Sampson suggested that a sum of five cents be paid by each grower for each working day in which he employs farm help under this scheme.

"If a girl can get at least four days' work during the week, she is expected to pay for her board. If she gets three days work during the week, she will pay three-quarters of her board, two days, half of her board, and one day, one-quarter of her board," Mr. Sampson explained.

Mr. Sampson also suggested that some local organization might fix meals for girls who are rooming out in houses around the town. "It's something to think about and discuss in the meantime," he said. "This year there will be probably a greater demand for farm help than in former years, and it may be that we will need more girls in this district."

A change in the camp secretaries was also announced for the forthcoming season by Mr. Sampson, who pointed out that while the secretaries employed last year were an excellent group of girls, not all of them were able to stay the whole season, and that, because they were working, they had little time to do the work properly. This year, said Mr. Sampson, the secretaries will be girls of at least twenty years of age who will be directly under the supervision of the Department of Labour, and would have more time to themselves. It was thought that they

might have half a day to look after the problems of camps where they are situated. Unlike last year, when they received their board at these camps free of charge, Mr. Sampson stated that this year they would receive "twenty-five or thirty dollars a week."

The matter of secretaries who would not stay the whole season through was also discussed in this connection. Mr. Sampson stated that last year the camps started opening from about May 14 and onwards, and that as several of the secretaries were teachers, they could not either start at that date or carry on through to the end of the season. The employment of regular secretaries at a fixed salary will overcome this difficulty, the speaker suggested. They will be in a better position to check complaints and adjust differences between girls and farmers.

"And I want to ask your co-operation in this connection," he went on. "We want you farmers to come in and report your real reason why you turn a girl back. It will be more fair to the girl and will help us out a lot. Not reporting properly is not fair to them or to the scheme or to the farmers. It is the girl's responsibility to measure up to the farmer."

Mr. Sampson recounted an instance where a farmer who had taken several girls thought that one of them was not suitable for his work, so he asked to have her taken from his group, despite the fact that he needed the number of workers whom he had. A few days later he requisitioned for the same number in the hopes that the girl he didn't want would not be in the group of extra girls given him.

The setting up of a camp council, composed of suitable girls in each camp, may be inaugurated this year, and if it is, a girl who is reported by farmer could possibly be helped by her camp council.

Mr. Sampson also talked for prompt and regular payment of wages, and said that several farmers had suggested Friday. The speaker urged this point because the girls have board to pay, and they cannot do proper work when the board is overdue.

In addition to the secretary in each camp, there will be a director who will act as camp supervisor, director of recreational activities. (Continued on page 8)

Wed Soon After Getting Wings

Group Captain G. E. Waite, officer commanding No 1 Bombing and Gunnery School at Jarvis, pinning wings on Sergeant-Gunner Robert K. Griffith, Grimsby last Saturday.

Sergeant-Gunner Griffith is in this picture with Miss Miriam Ketterborn. The young couple were married last Tuesday afternoon in Trinity United Church. The bride is the daughter of Mr. and Mrs. William Ketterborn, Grimsby Beach.

VARIETY MUSICAL SHOW TO BE PRESENTED HERE ON THURSDAY

"Thumbs Up," the gay musical review which has delighted large audiences of soldiers, sailors and airmen throughout the Dominion is to be staged in the Grimsby High School auditorium next Thursday night. The presentation is being given here on behalf of the forthcoming Victory Loan.

One of the most popular variety shows ever staged in Canada, "Thumbs Up" played last Sunday to an audience estimated to be one of the largest to ever attend a concert in Hamilton. In addition to the three thousand persons who were able to gain admission to the hall, some two thousand were turned away.

Headlining the show is Marguerite Evey, talented young soprano, who will be heard in several semi-classical and popular numbers. Sally May, well-known radio singer, will be heard in a group of current song favorites, including the highly-appreciated "White Cliffs of Dover."

Of special interest locally will be the dance routines presented by the Thumbs Up Review Dancing Chorus. These young ladies, who have a repertoire of tricky dance routines, were trained by Dorcen Groom, who is well remembered here from the days when she taught dancing, and who has made a name for herself not only as a dancer and instructor, but also on skates during the last few years.

The girl whom friends of Gracie Fields call "the closest thing to her", Edna Lane, will be on hand with some of her inimitable stories and droll songs. This Scotch comedienne has appeared throughout the Dominion, and her songs and patter have made countless thousands chuckle. Sergeant Art Wright, who was a well-known radio performer before he entered the army, is also a member of the group, and his antics have made him the favorite comedian of the Canadian armed forces.

All told, there are some twenty entertainers booked for this extravaganza to be given next Thursday night, and a full house is expected. Fast-moving, and with colourful costumes that have brought them especial fame, the members of the Thumbs Up Review have won their way into the hearts of the soldiers, sailors and airmen of the Dominion as have few other theatrical groups. It is estimated that over one hundred and twenty-five thousand fighting men have witnessed their performances, and the hundreds of thousands of civilians who have seen it agree with them that it is one of the best.

This presentation is made possible through Vi-Tone Sales Corporation, who are leading this group out on a tour of the southern part of Ontario in the interests of the Victory Loan which opens this month. The presentation is in charge of Gordon Anderson.

WOMAN HURT IN AUTO CRASH

Dama, the extent of \$200.00 resulted to a car, owned by Sgt. E. Charbonneau, R.C.A.F., of Dunnville, when it crashed into the rear of a truck owned by A. Cope & Sons, Hamilton, used for sanding the Queen Elizabeth Way, at Grimsby, Saturday night. The truck, which was in charge of Lawrence Burgois, Hamilton, was working on the eastbound lane of the highway. It stopped near the Murray street bridge to permit G. Hambrook, Winona, who was helping on the outfit, to adjust the sanding device. As Sgt. Charbonneau, who had been driving behind the truck for some miles, approached the vehicle ahead in an attempt to pass, his car went out of control on the icy road and crashed into the rear of the sander. Mrs. William Charbonneau, Dunnville, suffered severe shock and chest injury. Dr. A. J. McIntyre rendered medical assistance after which the injured woman was removed to her home.

Other occupants of the car, including the driver and three other members of the R.C.A.F., escaped injury. Constable A. E. Reilly investigated.

BOARD OF EDUCATION TO ASK FOR \$800 MORE FROM COUNCIL FIND COSTS ARE UP \$2,000 IN '42

Reduced Grants, Higher Price Of Materials, Salary Increases Boosts Board Requisition — Cut In Grants From Both Province And County Noted As Budget Drawn Up — Surplus Of \$963 Carried Over To New Year.

Question Cadet Curriculum

The cost of operating Grimsby's schools during 1942 was last night estimated by the Board of Education to be \$29,310.72. The Board, which drew up its budget for the year, fixed its annual requisition from the Town Council for the year at \$18,500, after deducting expected revenue of about \$200 and a surplus of \$963 which it had on hand at the close of 1941. This figure compares with \$17,700 which was asked for last year.

In arriving at those figures, the Board found that it would cost about \$2,000 more to run Grimsby's schools this year. This extra amount is largely caused by reduced grants from both the Provincial government and the County of Lincoln. The money received from the county is fixed according to the number of high school pupils attending the Grimsby High School who are not residents of the town.

and there are considerably fewer now than there have been for some time.

The figures arrived at last night show that it will cost \$14,453.12 to operate the public school as compared with \$13,617.30 last year, and \$14,856.00 to operate the high school as compared with \$14,128.76 in 1941. Teachers' salaries, pupils' supplies, materials for the teaching of manual training and domestic science, the cadet corps in the high school and janitors' supplies account for the increase. The actual cost of operations increase comes to \$1,565, to which must be added the discrepancy between grants last year and this. It is estimated that the total figure in this regard would be close to \$2,000.

As against this \$2,000 increase which must be met there is the surplus of \$963, which the Board (Continued on page 8)

FRANK CARPENTER HONOURED

C. W. F. Carpenter, of Grimsby, was installed as monarch of Hindoo Koolah grotto at a dignified ceremony which took place last Saturday night at the Scottish Rite cathedral, in Hamilton. Conducting the ceremony were Oliver Bartold, past monarch of Lalla Rookh grotto, Rochester, N.Y., assisted by T. J. Hampson, past monarch of Hindoo Koolah.

Among the 200 prophets who attended the dinner were several from out of town. John P. MacKay, M.P.P., past grand monarch, acted as toastmaster, and his business session was conducted by Leonard Wood, retiring monarch.

Notable among those present were Robert J. Esple, grand steward, Toronto; J. Wilson Berry, grand trustee, Windsor, and Edward Sweeting, past monarch of Lalla Rookh grotto, Rochester, who spoke words of encouragement for the organization's future. Others installed to office were: Alex McDougall, chief justice; John Walker, master of ceremonies; George S. Foote, treasurer; William A. Weil, secretary; Albert Clements, venerable prophet; John Edyt, marshal; John Cutton, captain of the guard; A. G. Elford, orator.

C. W. F. CARPENTER

tor; James Small, D. R. Ekins and C. W. Fielding, trustees; Kenneth Cassel, H. P. Collins, H. H. Bercht, David Ritchie and Thomas Patterson, executive; Sam Male, sentinel.

Y.W.C.A. Leader Was Visitor Here

Asks For Sympathy, Understanding On Behalf Of Farmerettes — Praises Spirit Of Growers Shown Last Year.

Mrs. Percival Foster, a member of the national council of the Young Women's Christian Association, made a strong plea for understanding of the girls who will be coming to Grimsby under the Farm Service Force Plan next summer when she attended the meeting of fruit growers of this district held last Monday to discuss the coming season with R. E. Sampson, of the Ontario Department of Labour.

"I want to express to you my very sincere, thanks, and the thanks of the girls, for all the hospitality and kindness and sympathy and understanding you extended to them last year. We think our work is very constructive, and that it is a bridge between the farm and the town, the country and the city," she said.

Mrs. Foster stated that many of the girls had repeatedly spoken of the hospitality which they had received here, and they were extolled by Mrs. Foster as being "among the best type of girls in Canada today."

"They had to have a certain standing before they could leave school and come into the force, and that shows that they were in-

Second Farmerette Camp In Grimsby?

R. E. Sampson, who was in charge of the meeting of growers called for last Monday night, dropped a hint that there might be a second camp established here next summer in addition to the one at the high school.

When it was suggested that a pool of the members present be taken as to need of such a venture, Mr. Sampson replied that he would be able to obtain that information from the blank which were handed out to the growers on which they were to indicate their probable requirements for the coming season. Mr. Sampson also stated that there would be need of rooms in private homes, and suggested that this matter was one for the newly elected committee to study.

"Intelligent," she said. We cannot do a more urgent duty than to draw your attention to the need for patience and understanding. If we could borrow a word from Mr. Miller, I think that the thing needed most to make this plan go is collaboration. The successful operation of this plan means that there is collaboration between the farmers who need help, the girls who supply the help, and the government and the Dominion."

"None of us will be satisfied to do just what we did last year," she concluded. We must do even better."

Horticulturalists Elect Officers

Grimsby Horticultural Society held its Annual Meeting on Monday last in the Municipal Building. The President A. N. Henderson occupied the chair. The report of the Secretary-Treasurer, W. E. Cullingford showed that the usual activities of the Society had been maintained, including the planting and keeping in order of the Main Street lot, the triangle plot on Main Street, west, and the vases at the Public Library. The balance sheet showed a small sum in hand, Membership 32.

The following officers and directors were elected:— Hon. President, Mrs. H. J. Clarry; President, A. N. Henderson; Vice Presidents, G. G. Bourne, E. Freshwater; Secretary-Treasurer, W. E. Cullingford; Auditors, L. A. Bromley, W. Lethian; Directors for 2 years, Mrs. E. Erb, F. Nunnemaker, T. G. Mould, Lloyd Pettit, Mrs. H. W. Wood.

LIONS CLUB MEETING

The regular bi-monthly meeting of Grimsby Lions Club, scheduled for last Tuesday evening was withdrawn in lieu of an invitation to visit the Beamsville Club on Monday, February 9th. The Beamsville meeting is a return visit and the large number of Lions who have signified their intention of going are assured of an evening of real entertainment.

The place of the meeting is Trinity Hall, Beamsville, at 6.30 sharp.

Growers Elected Local Committee

James Walker has been named chairman of the special committee set up locally to assist in the formation and operation of the Farm Service Force center here next summer. With Mr. Walker on the committee will be the following, elected at last Monday's meeting of growers held in the Masonic Hall: vice chairman, Harold C. Woolverton; secretary, Miss Ann Crane; M. E. Nelles, John Howsbaugh, T. R. Hunter and C. W. F. Carpenter.

VICTORY LOAN SALES TEAM IS FORMED HERE

As much behind-the-scenes work goes forward in connection with the Second Victory Loan appeal in this district, announcement is made of the sales teams which will be active here starting Feb. 16th. W. R. Boshm is to again head the team, and associated with him will be J. A. Jacklin, J. E. Lawson, J. H. Gillespie, B. W. Shanks and E. J. Mann.

The town and township has been divided into zones, and arrangements are being completed to have every home in Grimsby and North Grimsby canvassed during the course of the Victory Loan appeal. The campaign will last for three weeks.

Sunday School Lesson

A Busy Sabbath In Capernaum

Mark 1:21-34

GOLDEN TEXT

I was in the spirit on the Lord's day. Revelation 1:10.

Approach to the Lesson

The teaching and healing ministries of the Lord Jesus Christ were ever intimately connected. His works of power proved that He was the Son of God, the Messiah of Israel, and the Saviour of the world. He wrought no useless miracles, no merely spectacular wonders, in all that He did. He had the Father's glory and the blessing of mankind in view. The Sabbath day in Capernaum is but a cross section of His entire life of service, for which He had been sent by God the Father.

A Lesson Outline
A Well Spent Holy Day
(Mark 1)

With the people of God gathered for worship and instruction (V.21); proclaiming the word of God to the multitude (V.21); speaking to the conscience with divine authority (V.22); delivering from Satan's power, vs. 23-26); bringing healing to a sick woman (vs. 30,31); relieving all manner of humanity's ills (vs. 33,34).

Heart of the Lesson

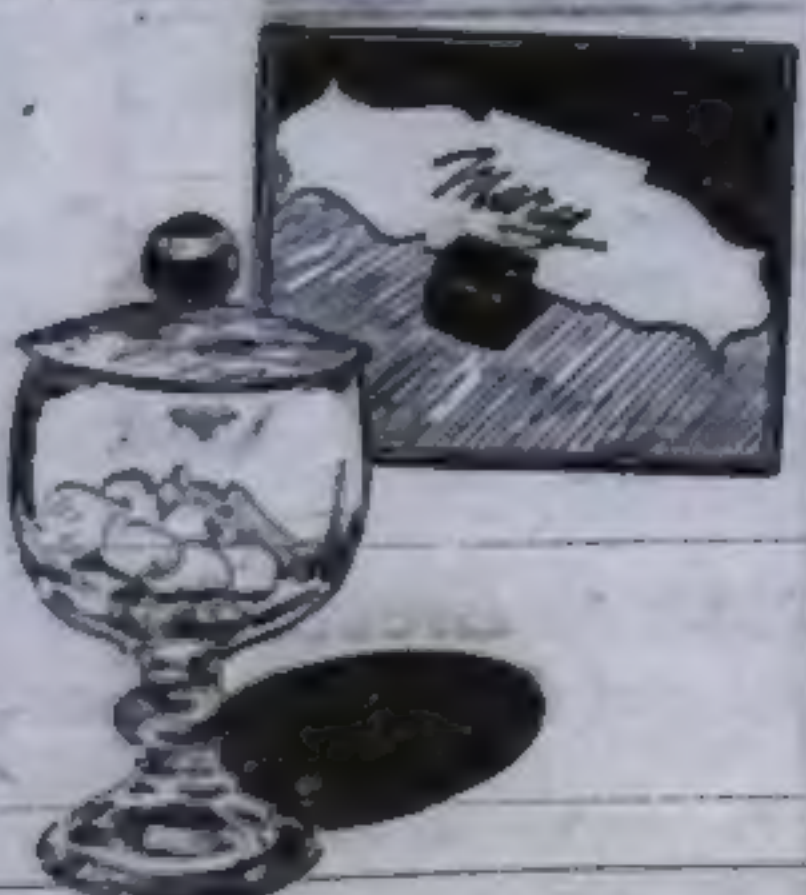

The life of our Lord on earth was one of ceaseless service and time, for communion with the Father. In all of this He has left us an example. We waste much time on things that do not profit. He made every moment count for the glory of God. That which moved men's hearts when they listened to the preaching of Jesus was the fact that God Himself was speaking in and through His Son (Hebrews 1:2).

Application

Have we heard His voice and responded to His words?

WHAT NEXT?

THE MERCHANDISE MART

Smart and new is this Jumbo also glass snack server (left). Topped with a glass knob of its natural wood lid, the "schooner," meant for buffet luncheons, will hold a generous supply of pickles, olives, shrimp, popcorn, etc. Equally novel is the plastic place card, (right). Names may be written or lettered on such cards and as quickly erased or washed off for repeated use.

HEALTH

MILK, A VALUABLE FOOD

"Food does make a difference to national health and our growing knowledge of human needs and the foods which supply them is convincing more and more people of this fact every day," writes Frances Hucks in an article in the current issue of *Health*, the official publication of the Health League of Canada. Miss Hucks is an experienced dietitian and is now in charge of the nutrition division of The Milk Foundation of Toronto.

Miss Hucks points to the fact that meals are now planned more and more on the basis of known food values and with some thought for the ages and activities of each member of the family. That doctor's orders include lists of foods which should be eaten daily for positive health rather than long columns of forbidden dishes.

"Nutritionists" recommend at least one and one-half pints of milk daily for a child and from one-half to one pint daily for an adult. If used in these amounts," Miss Hucks explains, "milk will supply the following proportions of the average family diet:

All of the calcium.
90% of the riboflavin (Vitamin B2).

Over one-half of the phosphorus. 40% or more of the Vitamin A. One-third or more of the protein. One-fifth of the calories. About one-sixth of the thiamin (Vitamin B1).

Small but appreciable amounts of iron and other food essentials." Milk when taken in these amounts thus makes up between forty and forty-five per cent of the total food requirement, and yet it can be bought for about twenty-five per cent of the total food allowance. Miss Hucks thus emphasizes the fact that milk is definitely a food bargain.

Miss Hucks explains the importance in nutrition and health of each of the elements of milk. Calcium is essential for healthy bones and teeth and is also important to muscle function, blood circulation and heart action. Those who do not include milk in their diet are more than likely to suffer from calcium deficiency, because calcium is found in other foods only in very much smaller proportions.

Phosphorus works with calcium in building bones and teeth.

Vitamin B or riboflavin deficiency affects the eyes, retards growth and impairs general health, lowers vitality. Milk is a most important source of this vitamin.

Vitamin A has been featured as the cure for "night blindness" but it also guards against respiratory infections, and helps in the development of healthy tooth enamel.

The proteins of milk and those of eggs are the most easily converted into body proteins, and milk in addition contains a higher proportion of certain other food essentials.

Milk is low in calories, compared with the high proportion of vitamins and minerals, and so is not "fattening." Many doctors, in fact, stress the importance of including milk in a reducing diet.

"It is well worth while to deliberately form the milk habit if you have not already done so," Miss Hucks says, "for the sake of good nutrition and as the basis for better-than-average health and vitality, get your three glasses a day."

"Honey Recipes For Health"

"My son, eat thou Honey because it is good—sweet to the taste—health to the bones."—Solomon's recipe for health.

It is safe to satisfy that craving for sweets with HONEY. It is a natural, predigested sugar, does not tax the digestive organs. There are minerals and other important health-giving elements in HONEY.

Honey is our most easily digested sweet. It also contains valuable digestion-aiding enzymes and the essential minerals. In contrast to other sugars, it has a decided alkaline reaction in the blood.

Use Honey to sweeten all beverages, cereals and fresh fruits; in baking and preserving. You will be delighted with new flavour sensations and improvement in your general health.

BEVERAGES

Health Cocktail

1 egg, 1 or 2 oranges, ½ lemon, 2 tsp. honey. Beat egg slightly, add juice of oranges and lemon, then honey and mix well. Chill and serve.

Lemonade

½ lemon (juice), 1 tsp. honey. Mix honey and lemon juice. Dilute with hot or cold water. The very best treatment for colds and the flu.

BAKING

General Proportions:

Substitute in your favourite recipe, 1 c. honey for 1 c. sugar and reduce the liquid ¼ c.

Graham Muffins

½ c. white flour, 3 tsp. baking powder, ¼ tsp. salt, 2¼ c. graham flour, 2 eggs, 3 tsp. honey, 1¼ c. milk, ¼ c. butter. Mix and sift white flour, baking powder and salt. Add graham flour. Beat eggs until foamy, add honey and milk, pour into dry ingredients and mix thoroughly. Fill muffin tins 2/3 full and bake in moderate oven.

Date Bars

1 c. flour, ¼ tsp. salt, 1 tsp. baking powder, 3 eggs, 1 c. honey, 2 tsp. shortening (optional), 1 lb. chopped dates, 1 c. chopped nuts.

Stiff dry ingredients. Beat egg until light and add honey and shortening (melted). Add dry ingredients, then dates and nuts. Spread ¼ to ½ inch deep in greased tin and bake in moderate oven. When cool, cut in squares or bars and roll, if desired, in powdered sugar. These cakes improve in flavour after aging for 1 week or more. The shortening should be added if they are to be used immediately.

All-Bran Spice Cookies

½ c. shortening, ¼ c. honey, 1 egg, well beaten, 1 c. All-Bran, 1½ c. flour, ¾ tsp. salt, ¼ tsp. cloves, 1 tsp. cinnamon, 1 tsp. baking powder, ¼ tsp. soda, 1 c. chopped raisins. Cream shortening and honey. Add egg, All-Bran, sifted dry ingredients and raisins. Drop by spoonfuls on greased baking sheet. Bake in moderate oven about 30 minutes.

DESSERTS

Graham Pudding

½ c. butter, ¼ c. honey, ¼ c. brown sugar, ½ c. milk, 1 egg, 1½ c. graham flour, ¼ tsp. soda, 1 tsp. salt, 1 c. raisins. Mix in order given and steam two hours in a well buttered mold.

Apple Whip

1 egg white, 3 tsp. honey, ½ tsp. lemon juice, 1 pared apple. Beat egg white until it peaks. Add honey gradually beating until thoroughly blended. Grate apple, add lemon juice and fold into mixture. Serve immediately in sherbet glasses with chilled soft custard. Garnish with cherry.

Pineapple Jelly

2 tbsp. gelatin, ¼ c. water, 3 c. grated fresh pineapple, ¼ c. honey. Soak gelatin in water and dissolve by adding the pineapple which has been heated to the boiling point. Add honey. Mix well, mold and chill.

Lemon Honey Ice

4 c. water, ¼ c. lemon juice, 1½ c. honey. Mix and freeze.

Individuality In Your Rooms

It won't be so easy from now on to get just what we want when we go shopping for furniture, or to replace used pieces. And that means that we shall all have a chance to invest our homes with our own personality, to create a different room out of the same furniture, to invent clever little accessories out of nothing.

That is a challenge, and a good one too. For all too many rooms are either standardized or "just too cute." The woman who wants to create the right background steers a wise course between the two, and her home is at once restful and stimulating.

If you like a certain idea, or want to use something different for an accessory, do so. It will make you happy and your setting will be more you, as a result. Of course we do not suggest that anyone should deliberately set out to be different or smart. The results in such cases are usually rather pathetic.

But the woman who took one of those old Victorian birdcages built like a crannellated castle, and filled it with flowers and plants, was an individualist; likewise the woman who found an old Paisley shawl and cut it up for sofa cushions. Cold cream jars — and some are really beautiful — can serve as cigarette containers.

Move furniture and accessories around. Don't rest until the room "feels" right as well as looks right. If you sew in the living room, then see to it that you have a good sewing corner, with the right table, stand, chair and lamp, which when not in use, serves as a reading nook or a conversation corner.

Go in for plants to make your room alive and glowing with color. Poinsettias, ivy, cacti, all different to be sure, but all get along together in the same room and make it happy. If you can find one of those little tables with a copper lined fern trough at one end, grab it, for it is a sure improvement to any room.

If there are pieces of furniture that you dislike, but use because they are presents or heirlooms or something, get rid of any or all if possible, unless you can revamp them into pieces suitable to this day and decor.

Peanuts To Disappear

War has even struck at the humble peanut. Just when it has been generally recognized as an important food, peanuts are doomed to suffer a temporary eclipse. This is because Canada has imported more than 90 per cent. of her peanuts from China and Hong Kong. The comparatively small amount brought in from the United States will not meet civilian demands and in any case as peanuts are a source of vegetable oil, it may be necessary to use the available supply for munitions.

But while peanuts are still on the market, mothers should remember that roasted, salted, candied and above all in the convenient form of peanut butter, they actually contain more energy value than beef or cheese.

The vitamin B content in peanuts is high and what experts call riboflavin and nicotinic acid — nothing to do with tobacco, by the way — are present in good quantities. These substances are essential to healthy growth.

One nutrition expert claims that whole wheat bread and peanut butter sandwiches, with a pint of milk and an orange of tomato, make up a school lunch which is nearly perfect, as well as being easy to prepare.

Armchair Travel

If travel is dangerous, or expensive, or if one is needed at home, he may see the world, through travel books, as he sits comfortably by his fireside. Chart a course for yourself, for a winter of book travel and ask your librarian to help. I get the books you need to escort you through the country of your choice. Book travel is a delightful way to escape from your monotonous environment, to broaden your mind, to give you sympathy and understanding with other peoples, to afford you much happy entertainment, and all at a saving to your purse and allowing you to eat your own preferred diet and sleep easily in your own bed at night.

Our Weekly Poem

WESTMINSTER ABBEY ORGAN
In mighty tones from the great organ rolled

Wave after wave of noble melody;
Like trumpet call, the notes an Empire told

To raise and beg God's blessing on the King.

And I who stood within a narrow room

Gazing far across Canadian fields,
Saw not long furrows, but the Abbey's gloom,

High age-old arches echoing our prayer.

So joined in harmony of prayer and song,

The world-wide Empire paid true fealty;

Within our hearts the joyful notes prolong,

And memory will keep them evermore.

—E. Lillian Morley.

Toughened Chinaware Is Stronger

To toughen new chinaware so that it will be less liable to cracks and marred spots, put it into a large kettle of cold water and bring it slowly to the boiling point. Allow the water to get cold before removing the china.

A new paint brush in the kitchen helps to remove crumbs from the wire meshes of the toaster as well as keeping clean the burners of the gas range.

To drive nails or screws into hard wood, rub soap over them and they will go in easily without splitting the wood. If heated very hot a nail may be driven into plaster without breaking the plaster.

To make curtain rods slip easily through the hem of dairy curtains, slip over the end of the rod the finger cut from an old kid glove.

When sewing buttons on a woolen sweater or any soft or fine garment, sew a linen button or another small button underneath the garment button and sew through both at the same time. This will prevent the button tearing out so readily.

MONEY-SAVING NUT COOKIES QUICK-TO-MAKE

2 tablespoons butter; ¼ cup sugar; 1 egg; 2 tablespoons milk; 1 cup flour; 2 teaspoons Magic Baking Powder; ¼ teaspoon salt; 1 cup chopped nuts.

Cream butter and sugar; add well-beaten egg; flour, baking powder and salt (which have been sifted together). Stir in chopped nuts. Drop by small teaspoons on to well buttered shallow pans and bake in oven 375° F.

The SNAPSHOT GUILD

SEQUENCE PICTURES

This appealing snapshot is one of a sequence, telling the complete story of a little girl's adventure in baking. Similar picture series are easy to make and form really worthwhile additions to your album.

FOR lasting appeal and to add an element of individuality in your photographic collection, every camera-hobbyist should consider sequence pictures. In this type of picture-taking, instead of taking a single snap, one takes a series of snapshots to tell a complete story. For example, your small daughter may be interested in baking, sewing, or playing house, and any of these hobbies would make an appealing story in pictures. Let us suppose she is going to bake a cake. The first shot would show her greasing the tins, then a second when she measures out the ingredients. In the next, she could be stirring the flour, and in the fourth, stirring the batter. A picture of her putting the cake in the oven would next tell the story, and following that, one where she is carefully icing the cake. The final snapshot would show her proudly holding the finished product. Only seven snapshots, but a complete story that will make an invaluable addition to your album.

Perhaps you think that a sequence of pictures is difficult to make. It isn't—and once you have a good subject, it's easier to take a series than a number of unrelated snapshots. Most pictures of this type are taken from the same viewpoint, so you need focus the camera and adjust the lights and lens only once for the entire series. For each picture, just snap the shutter, wind the film to the next frame, and wait until the action progresses for another shot.

The number of individual pictures necessary may vary, depending on the story you wish to tell; one requiring but three snapshots, while others may require many more to tell a complete story. I don't know of anyone who ever made a picture story too long, so be sure and shoot enough. It's better to have too many pictures for your sequence than not enough.

Don't load up your camera now, select a good subject or theme, and try your hand at sequence pictures. There are endless opportunities, and I'm sure you'll find that telling a story with a series of pictures is one of the most interesting camera specialties.

Smoothest, sweetest
in the town!

INDIVIDUALLY WRAPPED

RADIO SPOTLIGHT

DIALING WITH DAVE

When the next column appears all Canada and the United States will be on Daylight Saving Time—and that's going to do rather funny things to your radio listening: in fact rather mix it up for you. Brief, this is what will happen: Those who are on Daylight Saving time, will hear Canadian network shows at the usual time—but American networks, such as Charlie McCarthy, Harry Hagen's True or False, etc., will be heard ONE HOUR EARLIER! Those who leave Standard Time, will hear Canadian network shows ONE HOUR LATER than they've been accustomed to hearing them, but American originating shows will not change time! A bit confusing, but literally, that is what takes place, for at present the United States is on Standard Time, while most of Canada's originating points, like Toronto, have been consistently on Daylight time! We'll cover some programs in detail in next week's column, and the exact time change date is Monday, February 9th, so after this Sunday's shows are over, watch for the changes!

Good news for many of the localities of the Province is the fact that the Bandwagon will continue to ride down Harmony Highways throughout the year. The Bandwagon shows are produced from local radio stations—CKOC's version is aired on Fridays at 8.30 D.S.T. They're smartly paced shows, highlighting each week some local effort on behalf of War Work. The Kinsmen's Milk for Britain Fund has received wide publicity on the Bandwagon shows, and many of the program's promotional ideas have added very material assistance to the impetus of the drive!

There is a possibility that some Canadian shows, particularly the networks, may change time to avoid conflict with American shows coming into Canada. But keep listening—and don't miss the big Tuesday night variety headliner, "Blended Rhythm," starring Eric Wild's orchestra, the solo voices of Georgia Dey and Burt Austin and the Campbell Sisters. Comedy, a la Variety style is offered by Frankie Shuster and Johnny Wayne. Herb May M.C.'s the show, and its pace is keen. It's a CBC network show—8.30 D.S.T. in the evening. It will continue to be heard at this time.

Tips From 1150 On Your Dial

Keep your dial on 1150 Monday night: Eight o'clock is the feature "What's On My Mind", quiz show with a new twist, which has taken on some new trimmings and is really bang-up entertainment. There's an air-audience participation feature too! And speaking of "Quiz"—catch CKOC's 1.30 D.S.T. daily "Telequiz"—a half hour of fun for all; and, of course, no quiz round-up is complete without mention of "True or False", conducted by Dr. Harry Hagen, Mondays at 9.30 D.S.T. on CKOC and a large network of Ontario stations! Sunday on CKOC has many pleasant quarter hours of fine listening—Joe Peterson at 12.45—Accordiana at 4.45—The Old Refrain at 5.15! Record of the week—most any recording of "White Cliffs of Dover"—Kay Kyser's is particularly effective.

DISTRICT FRUIT GROWERS MET
TO DISCUSS PLANS FOR LABOUR
DURING COMING FRUIT SEASON

(Continued from page 1)

vities and chaperon. Her work will also be to look after the well-being of the girls and the discipline of the camp. This official works directly under the young Women's Christian Association.

Discussing wages during the coming season, Mr. Sampson declared that the basic rate had been set at 17½ cents per hour, but that it was felt that this season that rate would have to be increased somewhat. In Essex County the rate had been set at 25 cents for boys and 22½ cents for girls. The figure of 30 cents per hour was suggested at the Winona meeting held there on Monday afternoon, and this rate was upheld by the growers of that district.

In discussing the wage rate, Mr. Sampson suggested that it was important to set a rate and maintain it uniformly throughout the district, and that these rates are based on the girls getting a full day's work. "In many cases, when girls were to be called for at eight o'clock, they did leave the camp until 11. One was taken out at two in the afternoon right here in Grimsby."

Mr. Sampson also suggested that overtime work and Sunday engagements should be limited to those growers who have been supporters of the camp. He pointed out examples of girls who had been hired on Sunday by someone who was not a regular supporter of the camp, and whose efficiency was impaired on Monday morning when the girls' regular employer took them out.

The ruling of the Department of Education this year, setting the opening of high schools throughout the province at September 21, with a provision that this date may be set back even further if local requirements warranted such action, was termed by Mr. Sampson as "a great help—it will help us more this year than it did last year."

High school pupils who have obtained an average of fifty per cent or better may leave school after April 17 if they are going to work in agriculture or allied industries for a period of 13 weeks or more. Allied industries in this case include cheese-making establishments, dairies or other industries associated with the production of foodstuffs.

In addition to this, Mr. Sampson stated that the scholastic credits extended would be withheld in the events of pupils leaving their jobs to return to school before the work required has been accomplished. In this way, Mr. Sampson said, "No farmer or other employer would be suddenly left without any help."

"There is a man-sized job to do this year, and they come out here to work and work hard," he said. Regarding the discussion concerning the opening date which has been set, Mr. Sampson stated that it was made elastic so that there would be no undue delay in the scholastic work of the pupils. "It is rather foolish to hold up the rest of the province because 1,100 pupils are needed in the Niagara Peninsula," he commented.

William Mitchell, who acted as chairman of the meeting, then called upon those present to voice their opinions of the various points raised by Mr. Sampson in his discussion. The first matter discussed was that of the payment of five cents per day per worker employed so that a fund might be built up against the time when the mid-season slack should occur.

"That idea would penalize the fellow who carries his girls along throughout the season," commented R. O. Smith, who emphasized that he was, however, in favour of such a scheme and would support it.

"What about the fellow who only uses girls when they are in pinch?" asked Sam Bonham. "This way the growers will be paying for the benefit of someone else's peak emergency labour period."

M. S. Nellis commented that there were some growers who had plum orchards, and that they were able to carry their girls right through the season. He realized, he said, that despite this, the project was one in which the whole community should co-operate, and because of that fact, he moved the

resolution expressing approval of the payment. The resolution was seconded by Mr. Smith and carried.

Mr. Nellis recalled that few girls were not employed fairly regularly throughout the season. "There were few who didn't keep girls regularly through the season who were able to get any at all," he said.

Mr. Mitchell said that he was of the same opinion as Mr. Nellis. "It is up to us farmers to take an interest and see that the girls get steady work," he said.

John Bowlaugh remarked that during the last season he kept his girls working during the slack season. "I never stopped until the last thing was picked, and now I'm being penalized for keeping all the girls," he said.

"We must all work together to co-operate, and keep helping the whole thing—the whole outfit of farm girls, the whole community," said Mr. Mitchell. It is the duty of every one to do his best, whether on his farm or his neighbour's farm, to keep them employed.

"I employ eight girls, and that will mean that I will have to pay forty cents per day to keep the other man supplied with girls," remarked Wesley Gallichan.

During the discussion of the hours of work which would be in force during the coming fruit picking season, Mr. Sampson gave statistics of the operations of the Farm Service Force in Grimsby during last season. All the girls worked a total of 31,636 hours, or 2,405 days. In all some 233 girls were employed here at one time or another, though there were never more than 50 to 75 girls stationed at the camp at any one time. The average worked out to 176 hours of work for each girl, and this averaged a pay of \$30 during the season, or an hourly rate of slightly more than 18 cents.

"In other words," commented Mr. Bonham, "each girl got about 20 days of work, which would mean that there was a tremendous amount of wasted labour in the camp. Five cents a day wouldn't begin to pay for the slack period."

Mr. Sampson agreed that the problem existed, and pointed out that in a scheme so new as this was then, many mistakes were made which could not have been prevented.

"The government won't finance the scheme to send out girls unless it is for the whole season. We could not get farmers out of the idea that because he employed a girl for a few days that girl was his. We had about fifty employed regularly during some weeks, and there were always about ten or so who got shunted around."

"I don't care, I think it is the best type of insurance," remarked Jack Puddicombe. "I don't think we are going to be able to get women or labour from the cities the way we have in the past. This way you are insuring yourself with the cheapest form of insurance that you can have."

"Some growers ask for too much help when they could use less help and employ them longer. I have known farmers to employ six or eight when they could get along with four," remarked Mr. Mitchell. "Lots of times the trouble could be gotten over right there."

"It could overcome a lot of dissatisfaction to have some local person act as secretary. The ones who employed the most of these girls last year should be given the service," said Mr. Bowlaugh. "A local person acting as secretary would know each grower and could give us more satisfaction and the girls, too."

Mr. Sampson agreed that there was a problem in this aspect of the work, and stated that last year some growers had "tried to push me around". He said "it was the policy of the government to employ an outside person so that pressure from local people who are friends of the secretary should that official be a district resident, would be avoided."

Miss Ann Crane reported that four girls last year, who had carried girls through a slack season, found that when the peak season came their girls had been sent out to some other farm. She declared that the secretary here had done her best, and that no com-

plaint could be found with her personally, but she pointed out that the trouble arose through her lack of familiarity with the people here.

"It would really solve a great deal of the problem if someone was in your camp with a complete knowledge of the district," she said. "I had four growers speak to me personally about this matter. They had kept girls on in slack times for about two weeks, and then they were sent to another camp, and there was nothing that could be done about it. She didn't mean to show partiality but she unconsciously did."

Miss Crane expressed her belief that there were enough growers in the district to look after about sixty girls continuously from about June 25 until the end of the season.

Mr. Mitchell, in discussing working hours, declared that 8 in the morning was the latest time at which a girl could leave the camp and complete a full day's work of 8 hours minimum.

Mr. Smith stated that no girl could be expected to work much longer and do her work properly, to which Mr. Mitchell replied that a girl working a regular eight hours per day could accomplish more than one whose working hours were longer. Mrs. Percival Foster, of the National Council of the Young Women's Christian Association, Toronto, who attended the meeting, reminded the audience of the experience of British labour.

After the retreat from Dunkirk, the British government, in an effort to step up production, ordered longer working hours. This plan failed, according to Mrs. Foster, as the authorities found that actually under a ten and twelve hour day production started to lag.

Mr. Bowlaugh suggested that six o'clock was the latest time to stop work possible, for by the time the girls returned to the camp, washed up and had their supper, it was eight o'clock. If the girls returned to camp at six o'clock, they would not be working any longer than 9 hours. It was moved by Mr. Bonham, seconded by Mr. Gal-

lichan, that the working day insofar as pay was concerned, should start not later than eight in the morning, and to this motion was added the proviso that when a girl was engaged for a day and not picked up until some time after eight o'clock, her wages would start from eight o'clock.

In discussing wages that were to be paid, considerable attention was paid to the need for a uniform scale throughout the fruit belt. Mr. Sampson, in reporting that the meeting at Winona had gone on record as favouring a 30 cents per hour rate, recalled that last year the minimum was set at 17½ cents, and that the wage rate ran all the way from 20c to 35c per hour.

"A few tried to hi-jack the wages to thirty cents, but they won't this year. (The camp secretaries will have definite instructions on this score, and there will definitely be no jacking of wages," he said. "She will be working under the guidance of a set of rules worked out for her, and farmers will have to comply with them. One of those rules will be the fixing of a definite rate."

Mr. Nellis suggested a rate of 25 cents per hour, and Mrs. Foster, called upon for her opinion on this matter, declared that it was out of her hands. She strongly urged, however, that the rate be fixed at 22½ cents in view of the higher cost of living today.

"If you paid more than the others, you put your help in a funny spot," suggested Murton F. Zimmerman. "There should be uniform price for the whole peninsula, and if the girls are not worth, say 20 cents per hour, then you'd better take them back to camp."

Mr. Smith pointed out that some girls are worth more than others, and local girls last year received 30 cents per hour.

"Of course, local girls can earn more," said Mr. Bowlaugh.

"There should be a meeting of all the local committees of the district to set a fixed rate," suggested T. R. Hunter.

"How can we set a rate when

we don't know what prices are going to be and whether or not the tariff will be taken off?" asked Mr. Puddicombe.

"We should set a minimum of twenty cents and a maximum of a quarter," said Mr. Bowlaugh. There are reports here, and this thing will get down the line. Unless we do it properly, there is going to be a kick."

"You had better have a minimum of 25 cents or you won't have any help," said Mr. Smith.

"It's not all money that brings the girls down here, at least that is what we hope," Mr. Sampson said. Last year we advertised this project as one of 'holidays with pay', this year we are stressing the value of the work as a war contribution. I maintain you will be able to get girls at 20 cents an hour on that basis. Remember, girls can get work in the cities, and that if they come out here they will not be coming out for the money alone." To this Mrs. Foster nodded her approval.

On the motion of Mr. Hunter, seconded by Mr. Bonham, the rate was set at 22½ cents per hour.

Discussion of overtime and Sunday work led to a motion, moved by Mr. Bowlaugh, seconded by Mr. Bonham, that those not supporting the project be barred from the use of the girls brought here under this scheme for overtime on Sunday.

"There is no reason why any grower in this district should not apply for help, and there is no reason why any grower who has not applied for help should be entitled to help," said Mr. Bonham.

BRISK DEMAND, FRUIT

Present indications for fruit and vegetable growers for 1942 point to a continued brisk demand for fresh fruits and vegetables, especially in areas adjacent to wartime concentrations of population including military establishments and industrial plants—Current Review on Agricultural Conditions in Canada.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

Goodbye, And Thanks!

SHORT partings are best, and it is with these short words that The Independent says "au revoir" to a member of its staff who has played a unique role in this community. We are referring to the retirement of Mrs. C. DeQuetteville, who leaves this office at the end of the week after fourteen years of faithful and much appreciated service. During the time Helen Jones has been associated with The Independent she has done her part well and loyally, giving of her best at all times, and making a contribution to the community that few can measure adequately. It is for these reasons that we are certain our readers and advertisers will join us in wishing her many years of happiness in the years to come, for she will be missed by them as much as by those with whom she was more intimately associated in the publication of this paper.

More Committees Needed

FEW there are who are not aware that Canada is about to ask for another Victory Loan. Mention of this fact has been carried in newspapers and over the radio. The amount of the Loan is the same as was that of the last.

In Grimsby several individuals are giving their time and effort to promoting attention for this undertaking locally. Committees have been formed and are already at work. Plans are being made to interview practically every person of the district as a means of insuring that Grimsby's quota be more than met.

With all the preliminary work that is being done, there would seem to be little reason why the Loan should not succeed here. There is always a grave chance that it will, however. Every citizen knows that the work being done during these days is voluntary. Is everybody putting forth an effort individually commensurate with the efforts of their neighbours?

There is room for many other committees in town—individual committees of one, which might be termed ways and means committees. These one-man ways and means committees should be already in a huddle, thinking and planning out ways and means of subscribing to the greatest number of the new bonds possible.

The men working on this Loan deserve all the support which they can get, and there should be few citizens lacking enough patriotism to help them make their job as easy and successful as it can be.

The men working on this Loan deserve all the support which they can get, and there should be few citizens lacking enough patriotism to help them make their job as easy and successful as it can be.

Won't you form your committee now, and immediately call a meeting to discuss this important matter?

Who Is To Blame?

CANADA has been torn with political dissection over the proposed plebiscite on whether or not the government should be released from its undertaking that conscripted forces should not be sent overseas. So clamorous have become the arguments, and so bitter have become those participating in them, that the issue has been overclouded so as to become obscure in the minds of most citizens.

On top of the proposed plebiscite, there are six by-elections, slated for next Monday, and in two of these elections cabinet members are making bids for seats in the House of Commons. A third contest being held the Conservatives hope to elect their new party leader.

In all this controversy, two things should be kept clearly in mind. The first is that every man of whatever political allegiance who sits in the House of Commons went there on a pledge that no conscripted troops would be sent out of the country. The second is that Quebec, long a problem to the Canadian ship of state, is the same Quebec which it always was and will, apparently,

continue to be. Memories of that province's reaction to recruiting by compulsion in 1917 are still vivid in the minds of many, and the problem will have to be met no matter what party is in power. To speak of the Quebec problem as one to be faced by the Liberal administration alone is foolish; Conservatives or C.C.F.'ers would have the same difficulty.

It is useless for members of the Conservative Party to point their fingers at the Liberals and accuse them of making a pledge that they would not be able to keep. If the union party, which cloaked the Conservative party in the last election had been successful at the polls, it, too would have had to face the same problem. Whether or not they would have done so in a constitutional manner is another matter.

The plebiscite is receiving criticism throughout the province. It is an unfortunate turn of events at this critical time. Those who criticize the action now would do well to stop and consider whether or not they did anything at the time the policy which they now so vigorously criticize was laid down. It seems that the only thing that was done at the time was the adoption of that policy by all political parties and their supporters.

Who Would Make It Up?

MORE and more attention has been paid to the slight agitation being felt for the abolition of liquor sales in Canada until after the war. While many arguments have been advanced in favour of this move, little has been said on the other side of the question.

The people of Grimsby have a distillery plant in their community, from which liquors are being sent to every corner of the world. This plant is one of the smaller ones of the Dominion, yet it is interesting to note the place it holds in the realm of taxation. Leaving out of the picture entirely such items municipal and personal income taxes, the Grimsby plant contributed to the federal government last year upwards of half a million dollars, or more than one hundred dollars for every man, woman and child in Grimsby and North Grimsby Township.

In 1942, excise taxes from the local plant, if they continue at the rate they have so far this year, will be increased to nearly a million dollars. Add to this sum the amounts which the other United Distillers Limited plants pay from their other Canadian plants, and the total will be seen to be considerable.

Right now the government is faced with the problem of raising all the revenue it possibly can to fight the war. If those who advocate the suspension of the distilling industry for the duration would also suggest ways and means of raising about one million dollars per week which it pays in excise taxes, plus the corporation, municipal and personal taxes, that would also be lost by such a move, they would be contributing something to the country. Such a suggestion has, so far, not been forthcoming. Loss of such a big item in the national revenue, one of the largest single items in Canada's budget, would not be easily made up at this time.

A Foolish Statement

AN example of the sloppy thinking and careless talk which afflicts so many of our leaders in public life is to be found in a speech delivered last week by Right Honourable Arthur Meighen, standing for election in South York as leader of the Conservative party. Mr. Meighen is quoted as saying: "If we have to conscript wealth to win the war we will, but people of common sense don't advocate that until the last gasp."

This strange statement should, if the electors think about it at all, mean the end of the Conservative leader as a figure in the public life of his country. If conscription of wealth is not to be advocated until the last gasp, what a sorry state of welter and confusion this country will be in to receive such a cardinal change in her economic condition. At the last gasp, when Mr. Meighen says people of common sense would advocate the change, Hitler will have stormed over Russia, Japan would, presumably, have taken Australia, and Canada would stand in more imminent peril than she now finds herself. It is then, when the thoughts of thousands of Canadians would be tinged with sorrow at the loss of many fighting sons, that conscription of wealth would be introduced. Conscription of blood and sweat and tears, and at the last gasp, when these three have failed, the conscription of wealth.

If the conscription of wealth might be introduced, even at the last gasp, to turn the tide of war and ensure victory, why wait for it? If conscription of wealth will save the country when her armies are struggling and being cut down by enemy forces, would it not be well now to introduce it? Surely the lives of our young men might be conscripted at the last gasp rather than wealth. Senator Meighen's statement is one which should not have been made. If it was a careless statement, it might be a fair example of the manner in which he would lead his party, and there is no time for thoughtlessness at the present time. If it is a considered statement, there is no place for Arthur Meighen in Canada's Parliament at the present time.

BOYS OVERSEAS APPRECIATED CIGARETTES SENT THROUGH CHAMBER OF COMMERCE BOXES

I received 200 cigarettes from you today and believe me I sure needed them and am very grateful to you. In many of the camps where I have been lately we were rationed and only allowed thirty cigarettes a week. The stores in the villages very seldom have them to sell, therefore, perhaps these few words will convey to you how much cigarettes are appreciated.

Joe Hand.

It is hard to put down in words the thankfulness I feel in my heart for the gift sent me. Such deeds on your part help to bridge the great water separating us and bring us a feeling of "Home, Sweet, Home." We are proud that we have the opportunity of fighting for such a country as Canada. We are proud of the people at home and we shall not betray your trust and faith in us. Let us cherish our freedom for it is being dearly bought. And so till that great day dawns and we sound the last "all clear" we salute you, Grimsby. Carry on your good work. Thanks. Tell Mr. Glendinning we are sending some copies we were glad to receive of the Independent to the Beaver Club for some other of the Grimsby boys to see.

J. E. Morris.

Your second lot of 200 cigarettes arrived in best of time for Christmas. It is not necessary to tell you that a gift such as this from the home folks at the "homeliest" time of the year fills a big part in creating a spirit of goodwill for us overseas. Our officers excelled themselves in trying to make the Christmas get-together a merry one. They served the men at the table and looked after our appetites like fathers. The local homes extended an invitation to any one or two or three respectively of the boys stationed here who would be in town for the day to visit them for tea. Three of us visited the home of the organist of St. Margaret's Anglican church and acted as uncles to a small children also visiting (their aunt and uncle). It turned out to be a real "homey" occasion. One we shall not soon forget. All English folk whom we have met, seem the very acme of hospitality; especially in Scotland the folk are irrepressibly overpowering in their anxiety to make Canadians welcome. Renewed thanks to the Chamber, sir, and all the best for 1942.

C. Taylor-Munro.

Again thank you for your dandy Christmas carton of cigarettes just received. Your committee is certainly doing a job which is giving the Grimsby boys over here a lot of satisfaction. I think nearly all the boys are able to look back at a very good time over the holiday season. All the units I call on report having had a real Christmas dinner with all the necessary trimmings and then a lot of them spent the rest of the day visiting with the neighbours who have been treating the boys royally. There certainly doesn't seem to have been any shortage of anything over Christmas and New Year's anyway. Buying Christmas presents has been a real problem as so many non-essential articles are about off the market. There certainly wasn't any assortment of things that were for sale. We haven't had any snow here yet and the weather isn't too bad. I don't think we're having the average amount of rain and there hasn't even been much fog, thank goodness. The mail takes about a month to get here just now and the parcels a bit longer, but we certainly don't seem to be losing much lately which is a very good sign. The new airgraph letters take about two weeks now and maybe that will be improved a bit. Again I thank you and all your supporters for your regular supply of cigarettes. It's still not too late to wish you a good 1942.

P. E. Fairbank.

I wish to thank you and your fellow helpers for the kindness of the people of Grimsby in helping you to send something to the boys overseas that they cannot get over here, and that is good cigarettes. So here is hoping they keep up the good spirit, and we will do the rest as long as we have a good smoke.

J. A. Robertson.

Just received your much appreciated smokes yesterday and must thank you sincerely for them. The people of Grimsby are sure kind to us boys over here and by their let-

ters I read in the Grimsby Independent the boys sure show it. I am not near any of the boys at present but saw a few of them about six months ago when I was stationed near them. I take this opportunity to thank the Grimsby Independent, the Grimsby Chamber of Commerce and the I.O.D.E. for their very kind efforts, and sincerely appreciate it a lot.

M. P. Robinson.

Somewhere in England,
January 2nd, 1942.

Dear Sirs:

I am writing this little note to let you know that I am receiving the Grimsby Independent about twice a month, and sure do like reading about things that happen in my home town.

I would also like you to pass on the word to the Grimsby Chamber of Commerce that all the boys in our Regiment are receiving their good Canadian cigarettes.

There are six boys from Grimsby in our Regiment so we don't get too lonesome.

We sure did have a good Christmas dinner. All the turkey we could eat and all the beer we wanted so that was not too bad.

Things are pretty quiet here just now. You would not know there was a war going on.

So, tell the people in good old Grimsby to keep their chins up and we will be home before long. I hope. So many thanks.

Yours truly,
B15329 Gnr. J. A. Robertson,
41st L.A.A. Bty.,
8th L.A.A. Regt., R.C.A.
Canada Army Overseas.

I take great pleasure in writing this short note thanking you for the cigarettes I received today.

T. Tremblay.

So many thanks for the parcel of 200 cigarettes, arriving safely December 16th. I'm sure the effort in helping us over here is greatly appreciated by us all.

J. Dunham.

Received your cigarettes New Year's Day and thanks a lot. Hope you keep it up.

Pte. C. Hurst.

Again I thank you.

P. E. Fairbank.

Received second carton of cigarettes today. Many thanks. They really are appreciated very much. I am thinking very much of my friends in Grimsby today.

Sdr. C. C. McCartney.

I received the 200 cigarettes and was glad to get them. Thanks very much for sending them. I hope you had a merry Christmas and a happy new year.

George T. Allan.

93 YEAR OLD LADY CALLED

Mrs. Carrie Green Bush Was Well Known Throughout District — Was Caistor Township Resident All Her Life.

Mrs. Carrie Green Bush of Abingdon, Caistor Township, one of the oldest residents of this district, passed away yesterday at the home of her daughter, Mrs. Jessie Snyder. She was in her 94th year, and up until a few days ago enjoyed exceptionally good health for one of her advanced years.

The late Mrs. Bush was born in Abingdon, and resided there all her life. In 1927 she and her husband, who predeceased her about a year later, celebrated the diamond jubilee of their wedding. She was a member of the Abingdon Baptist Church, and took a keen interest in the various activities which were centered in it.

Four other daughters with Mrs. Snyder survive: Mrs. Wallace Young, and Mrs. John McDougal, both of Abingdon; Mrs. William McKinnell, South Grimsby Township and Mrs. U. Stewart, Elizabeth St., Grimsby, as well as one son, Murray, who also resides at Abingdon. Five of Mrs. Bush's brothers also survive her. They are residing at Seattle, Washington, Oakland, California, and Abingdon.

At the time that the late Mr. and Mrs. Bush celebrated their diamond jubilee there were living some twenty-four grandchildren and twenty great-grandchildren.

E. J. MARSH RE-APPOINTED BOARD HEAD

Earl J. Marsh was last night re-elected chairman of the Grimsby Board of Education, and T. L. Dymond will again fill the position of vice-chairman. E. J. Marsh was re-appointed secretary-treasurer of the Board. Powers of attorney were again vested in either the chairman or the vice-chairman and the secretary-treasurer.

Only change in the Board's standing committees was the transfer of Trustees Dr. A. F. MacIntyre from the finance to the internal management.

Harold B. Matchett was re-appointed to the Library Board as the representative of the Board. His term is to run for two years. Confirmation of the appointment to the Board of Spencer Merritt, Avey Lipsett and R. O. Smith as representatives of the Lincoln County Council was received from Camby Wismer, clerk of the county. They will have no vote in matters pertaining to the public school, as the county's grant is for the high school only. Their appointments run for three, two and one year terms respectively.

"Step on It!"

IF THERE ever was a year to start good chicks early, 1942 is it! Starting good chicks good and early is good policy any year. This year it's better policy than ever.

Eggs have become a munition of war. These huge British orders at known-in-advance prices, plus the Government subsidy of 3c per dozen on Grade A-Large for export, have fixed a floor under egg prices, away above last year's level. And poultry meat is in strong demand.

Quick Income!

If you have the breeder accommodation, you can make yourself some useful extra income, fast, by putting in some fast-growing Bray cockerel chicks. Check up on broiler prices. Do a little figuring. Then ask about Bray cockerel prices.

So figure on Bray Chicks early, this season. Just as early as you can get things ready for them. Don't overload or overcrowd. Just make full use of what you have. Fill up with Bray Chicks to the limit of your poultry equipment, but not beyond it.

We people who watch the Bray organization working from the inside have all sorts of confidence in Bray Chicks, because we have seen the care and work and skill that go into them. And a good many other people agree with us, because they've seen how Bray Chicks work out for them. Maybe you've seen it, too.

If you haven't already received your Bray catalogue, it's yours for the asking. If you have received it, be sure to read it carefully. There's a lot of real "meat" in it. But don't delay—act today. The days are sliding by, and this is the year to start Bray Chicks early!

Red Cross Exhibit February 7 to 14

A display of the work which is regularly being turned out by the Grimsby and North Grimsby branch of the Red Cross Society will be on exhibit commencing this Saturday and through the following week to February 14th, in the office of the Grimsby Natural Gas Co. Ltd. The exhibition will be open from 10 a.m. to 6 p.m., and in addition to the demonstrations which have been planned throughout the week, the ladies will engage in quilting. Tea will be served each afternoon from 2 to 6 o'clock.

The object of the undertaking is to create a general interest in the work being accomplished by the society and to raise funds to carry on, in view of the further postponement of the Red Cross annual drive.

Various groups will be in charge each day.

Of special mention is the co-operation of the High School students in donating their artistic talents in the preparation of the posters advertising the event.

Mr. and Mrs. A. P. Norton, Ontario Street, have been spending the past ten days with their daughter Mrs. Harry Marsh, of Hamilton.

Word has been received by his parents that Sergeant-Pilot Ian Lamont, son of Mr. and Mrs. J. D. Lamont of Winona, has arrived in Great Britain. He received his training at Hagersville.

SOCIAL AND PERSONAL

Miss Margaret McCartney spent the week-end in Toronto visiting her sister, Miss Rita McCartney.

Spr. Clifford Shaw, of Petawawa, spent the weekend at the home of his brother, Mr. O. Shaw, Elm St.

Mr. and Mrs. Shaw Harris left on Friday to take up residence in their new home at Toronto.

A.C. 1 Keith Brown, of Trenton, is spending two weeks' leave with his family on Gibson Avenue.

Miss Ruth Robertson, of Beamsville, has accepted a position on the office staff at the Brock Snyder Manufacturing Company.

Mrs. R. Shafer and Miss Nancy Alton attended the Gift Show at the Royal York Hotel, Toronto, on Wednesday.

Mr. and Mrs. Michael Webb, of Port Erie, visited with relatives in Grimsby and district over the weekend.

Mrs. J. Willis, who has been spending the last two weeks visiting with her mother, Mrs. J. Scott, Nelles Sideroad, returned Saturday to her home in Brockville.

L.A.C. R. Hurst of the R.C.A.F. left Wednesday morning for an eastern Canadian port after spending two weeks' leave with his father, Mr. H. Hurst, John Street.

Mrs. Norman Johnson entertained at bridge at her home Tuesday evening. Prize winners were Mrs. Harry Wilson and Mrs. Nan Miller. At the conclusion of play the hostess served refreshments.

Miss Jane Maeder, accompanied by Miss Beth Beigon, both of whom are students at the University of Toronto, spent the week-end at the home of the former's mother, Mrs. O. Maeder, Nelles Blvd.

Mrs. E. Brooks, holding the lucky ticket No. 146, was winner of the wool afghan which has been on display in the Model Dairy window for the past few weeks. The draw for the afghan was made on Monday by the Robinson-Street group of the Red Cross.

Mrs. A. Nelles and Mrs. B. Nelles were joint hostesses at a bridge party held under the auspices of the Ladies' Guild of St. Andrew's Church Tuesday afternoon at the former's home. There were ten tables and the winners were Mrs. J. McIntosh and Mrs. B. Nelles. After the play tea was served by the hostesses.

Red Cross Girls Announce Patrons For Dance Friday

Those in charge of the dance which is being staged by the Grimsby Business Girls' Red Cross group to be held tomorrow evening at the high school auditorium have announced the list of patrons who have consented to act in that capacity.

The patrons and patronesses are as follows: Mr. and Mrs. Earl J. Marsh, Dr. and Mrs. J. H. MacMillan, Mr. and Mrs. T. G. Gammage, Mr. and Mrs. W. G. Duimage, Miss Ann Crane, Mrs. R. N. Wolfenden and Miss Mary Irvine.

Music for the dance, which is expected to be among the most widely attended held here in some time, is being played by Charles Rountree and his Merry-makers.

St. John's Choir Annual Meeting

A delightful supper was enjoyed by members of St. John's Presbyterian Church Choir, preceding their annual meeting on Friday, January 30th. A report of the year's business was given by Mrs. A. Stevenson and the treasurer's report, given by Mrs. D. E. Anderson, showed a substantial balance. The retiring president, Dr. Lloyd Jones thanked the members for co-operation during the past year and conducted the election of officers for 1942: President—Mr. Wallace Smith; 1st Vice President—Miss May Crittenden; 2nd Vice President—Mrs. C. Terryberry; Secretary—Mrs. A. Stevenson; Treasurer—Mrs. D. E. Anderson; Music Committee—Mrs. C. Terryberry; Miss L. Larsen, Dr. Lloyd Jones; Mistress of the Robes—Mrs. L. Larsen, Mrs. B. Harris; Membership Committee—Mr. Wallace Smith, Miss May Crittenden, Mrs. L. Larsen; Pianist—Miss Maise Cullingford.

Miss Margaret McMillan of Hamilton is visiting with Miss Joyce Warner, Main Street.

Mr. and Mrs. Harry Wilson spent Sunday with Mr. and Mrs. Clyde VanDyke, in St. Catharines.

Mr. and Mrs. Harold Headlip and family spent the weekend with Mr. and Mrs. Harry Marsh, in Hamilton.

Mr. J. E. Hurd attended the Swine Breeders' Convention at the Royal York Hotel, Toronto, on Monday.

Mrs. A. Jennings and son George left on Monday to take up residence in their new home at St. Catharines.

Condition Better

Friends of Town Clerk G. G. Bourne will be glad to know that he is recovering from the painful injuries sustained when hit by an automobile last Monday evening.

Dr. B. H. Rogers, who is attending Mr. Bourne, reports that in addition to suffering extensive abrasions and lacerations Mr. Bourne suffered considerably from shock. It is believed that he will be confined to his home for several weeks.

Beach H. & S. Euchre and Bridge

Last Friday evening the Grimsby Beach Home and School Club held a bridge and euchre party at the Park School. There were ten tables altogether and the prize winners in bridge were Mrs. Knight, Mr. DeLaplante and Mrs. Banks. The euchre prize winners were Mr. C. Southward, Mrs. Mould and Mrs. Lee. At the conclusion of play refreshments were served. The next regular monthly meeting will be held this Friday night, February 6th.

Many High School Pupils Indicated Intention To Work

Some 66 of Grimsby's high school pupils have signified their intention of leaving school before the end of the regular school year to engage in farming or some allied industry, according to Principal P. V. Smith.

In making this announcement, Mr. Smith outlined the regulations drawn up by the Department of Education which were discussed at the meeting of fruit growers held in the Masonic Hall last Monday evening.

Though the date at which pupils with a satisfactory scholastic standing may leave and obtain credit for their year by engaging in work connected with the production of foodstuffs, has been set at April 17, Mr. Smith stated that he expected most of the pupils would remain at school until about the first of June. He said he believed that there would be several more leaving at that time than have already signified.

P.N.G.'s Club Entertained

The Past Noble Grande Club of the Alexina Rebekah Lodge No. 267 met at the home of Mrs. D. E. Anderson on Monday evening. A short business meeting took place at which plans were made for a bridge and euchre party to be held on February 10th in the lodge rooms. When business was completed a social time was had playing cards. Mrs. A. Stevenson was prize winner and Mrs. Fred Jewson won the lucky draw for the evening. Refreshments were served by the hostess. The next meeting will be held on the first Monday in March at the home of Mrs. C. McInney.

PLAN LADIES' NIGHT

Under the supervision of Archie M. Alton, the committee in charge of the annual Lions Club Ladies' Night are rounding up a program which should make this evening one of the best yet held. The event will take place in the High School auditorium on February 17, and will replace the usual meeting scheduled for this date.

The Junior Red Cross group of the High School is in charge of the catering.

Following the dinner, a short play will be staged by the students of the high school, followed by dancing.

Miss Norma Jarvis is spending the weekend in Ottawa where she will visit her sister, Mrs. George Schaefer.

Miss Marjorie Lymburner, who has joined the Canadian Women's Army Corps, and Miss Edith Stewart, who is leaving on February 10th to train as a nurse in Hamilton, were entertained and presented with gifts by a group of friends Tuesday evening.

Mrs. B. K. Moore, Mountain St., returned on Saturday from spending a month's vacation at Palm Beach in Florida with her daughter and son-in-law Mr. and Mrs. George P. Bradford. While there Mrs. Moore visited with the R.A.F. boys who spent last Thanksgiving weekend at her home here in Grimsby.

L.A.C. Howard Etherington, R.C.A.F., is now stationed at McLeod, Alberta, after spending a month's leave with his parents, Mr. and Mrs. Gordon Etherington, North Grimsby.

DO YOU REMEMBER TEN YEARS AGO

From Files of February 3, 1932

For sometime the question of paving Depot Street has engaged the consideration of the Grimsby Council. Last week representatives of the firm of Rutherford and Ure, St. Catharines, were in town with a view to the construction by Lincoln County of a substantial type of road, the cost of which would apply on the county road rebate

due the town of Grimsby under a recent decision of the Privy Council. The proposed cost of the road would be in the neighbourhood of \$7,000.00.

A pretty wedding took place at St. Andrew's Church on January 30th when Edna Mabel, daughter of Mr. and Mrs. Charles A. Mason was married to Ernest Henley, son of Mr. and Mrs. Sidney Henley. Rev. J. A. Ballard officiating. Mr. W. A. Page presided at the organ.

During the past week workmen have been busy taking down the lines of the H. G. & E. railway.

The death occurred on Wednesday of this week of Mrs. Augusta A. Mithell, wife of the late Edwin

M. Mithell, in her 80th year. Deceased, who has been residing with her daughter, Mrs. William Mithell, West of Grimsby, had been a resident in the district all her married life, her husband having passed away a little over ten years ago.

At last Thursday's session of Lincoln County Council the educational committee's report was adopted when J. O. Moore and P. A. Oakes were appointed county trustees in the Grimsby High School for two years to fill out the unexpired term of J. A. Campbell, resigned.

Protection of lives from treacherous and changeable weather, and particularly against cold driving

winds, is one of the cares of beekeepers on the advent of spring.

The Purchase of Sugar is Now Regulated by Law

As a prudent precaution, the quantity of sugar which may lawfully be consumed in any household is now restricted by law to an amount of three-quarters of one pound per person per week, and it is now unlawful to purchase more than two weeks' supply at any one time or to make any purchase if present supplies are sufficient for more than two weeks.

This step has been taken to conserve the satisfactory reserve stock of sugar in Canada and is an assurance to the consumer that there is no reason for heavy buying of sugar.

Ration coupons will not be used to enforce the sugar limitations in Canada. The supply of sugar in our country has been under control for more than two and a half years and the housekeeper has always been able to satisfy her needs; she will continue to be able to do so and the price ceiling law protects her against any increase in price.

The maintenance of the new regulation governing the purchase of sugar rests, as the success of all laws in a democratic country must rest, upon the loyal support of the people. Any consumption of sugar in excess of the quantity stipulated by this regulation is not only an offence against the law, but is also a betrayal of the war effort and consequently an offence against decency.

Reports received from retailers indicate that in some districts there has been misunderstanding of the requirements of the law. In some cases, people are under the impression that they should at once lay in a sufficient supply for two weeks; this of course is not necessary because a continued supply of sugar is assured. In other cases it has been assumed that a greatly restricted ration is to be made effective in the near future. This is incorrect because The Wartime Prices and Trade Board has already stated that the sugar supply situation is such that requirements of the consumer at the rate of three-quarters of a pound per week can readily be supplied.

As a means of protecting consumers from unknowingly breaking the law, it is suggested to retailers that, for the present, they limit sales to any one customer to an amount of not more than five pounds.

Summary of Sugar Rationing Regulations

1. The ration is $\frac{3}{4}$ pounds per person per week, including adults, children and infants, members of the family, boarders, servants, and guests who remain for four days or more.
2. Purchase your sugar in the ordinary way, but not more than two weeks' supply at a time. No coupons, stamps or tickets are required.
3. Do not purchase any sugar if you have two weeks' or more supply on hand.
4. Persons in remote areas who are not able to buy every week or two weeks may continue to buy more than two weeks' supply at a time, but should measure their consumption at the ration rate, namely $\frac{3}{4}$ pounds per person per week.
5. Lumber camps and other firms providing board for their employees must see that consumption is restricted to $\frac{3}{4}$ pounds per week per person, effective immediately.
6. Economize on sugar in every way you can; some people can get along on less than the ration. Persons dining in hotels, restaurants, etc., are expected to restrict their sugar consumption.
7. Additional supplies of sugar will be made available for home preserving and canning.
8. The restriction applies only to cane and beet sugars of all kinds—granulated sugar, icing sugar, fruit sugar, brown sugar, raw sugar, etc.
9. Industrial users of sugar, hospitals and other institutions, hotels and restaurants, will be advised by the Sugar Administrator how the sugar restrictions will affect them.
10. Retailers are entitled to refuse sale or to limit sales to any person they have reason to believe is attempting to disregard this law.

Vigorous steps will be taken to punish wilful infractions of the law. The penalties provided are imprisonment for as long as two years and a fine up to \$5,000

Farmers To Meet At Toronto For Conventions

Ontario Plowmen, Crop Association And Agricultural Societies Delegates To Hold Conventions.

Agricultural conventions, annual meetings and the Ontario Provincial Winter Fair Seed Show being held in Toronto the week of Feb. 9th at the King Edward Hotel, will attract over 1,500 farmers, state officials in charge of the Ontario Plowmen's Association, Ontario Association of Agricultural Societies, Ontario Crop Improvement Association and Ontario Provincial Winter Fair Seed Show. How Ontario farmers can best increase production will be the theme of every gathering.

Secretary J. A. Carroll, Ontario Plowmen's Assn., expects over 400 delegates at the Plowmen's annual meeting Feb. 10. Greater use of mechanical equipment and co-operation in meeting the labor problem will be key subjects for discussion. W. R. Reek, Ontario Deputy Minister of Agriculture, will be the guest speaker at the noon luncheon.

Class "B" Fairs Assn. meets Feb. 11, with the Ontario Association of Agricultural Societies meeting Feb. 12 and 13. Hon. Gordon Taggart, Dominion Food Administrator, will be the banquet speaker Thursday evening. The Women's Division will also meet Feb. 12 and 13 and will hear addresses on the contribution of woman to the farm labor problem; fairs to fit the times, and "Waste — Salvage or Sabotage?" An attendance of over 600 is expected.

The Ontario Crop Improvement meeting with over 500 members likely to attend, looms up as the most important gathering in the history of the Association. Registered Seed Growers of Ontario will meet as a body, Feb. 10, to discuss wartime problems. Potato growers will hold a separate afternoon meeting the same day. Crop and hay and pasture improvement programs will be discussed Wednesday, Feb. 11 as well as hybrid corn production. Hon. P. M. Dewar will be among the speakers at the annual banquet Feb. 11.

The Ontario Provincial Winter Fair Seed Show being held all week promises to be the largest in years. Visitors will see samples of grains, clovers and grasses and potatoes which they may purchase direct from the exhibitors. The show is in charge of E. K. Hampson, vice-president of the Fair.

ARRANGE FARM FIELDS TO AID LABOR PROBLEM

Farms tend to the conventional in design and the farmer and his helpers do a lot of extra footwork getting from house and barn to the fields and back. J. E. McIntyre, Agricultural Agent in the Maritimes for the Canadian National Railways has a plan to alleviate the labor problem which he made known at the annual meeting of the Farmers' and Fairsmen's Association here. Mr. McIntyre would place the cultivated crops nearer the house and establish permanent pastures close to the barn, the latter change to ease labor at milking time and reduce fencing.

Practically all of the five-cured Ohio sun tobacco crop of 1941, totaling 69.7 million pounds, has been disposed of by producers.

Winter Housing And Maintenance Of Beef Cows

(Experimental Farms News)

At the Dominion Experimental Station, Kapuskasing, Ontario, all beef cows are bred to calve in March or April and are kept loose in a log barn opening into a yard with a southern exposure. Feeding racks for hay are placed in the yard and the cows are allowed to go in and out of the barn at will. Fresh water is provided inside in a tank and kept from freezing by a small immersion electric heater.

Calving has taken place in this log barn and no loss of calves has occurred due to low temperature or tramping. Early calving is more satisfactory, though late calving on pasture. It prevents udder trouble in the cows and the calves being older make better use of the additional milk flow when the cows go to pasture. They are also more easily weaned in the fall and finished, either as fed calves or older beef. Calves raised at the

Kapuskasing Station, the last two years weighed an average of 491 lb. per head at weaning.

An average of 3 lb. bedding per head daily was found to be enough to keep the cows clean but a good drainage of the yard seems to be essential also.

The last two years about 23 breeding females wintered at this Station have been fed on hay and silage only. The average daily feed consumption per head for the whole period of 223 days or nearly 7½ months has been 18 lb. hay and 19 lb. silage of a total of 4114 lb. hay and 4231 lb. silage.

In the storage of potatoes towards the spring when the air is warm, it may be necessary to open ventilators and doors at night when the air is cool, and to close them in the morning. By this means, the potatoes may be kept dormant for a much longer period.

Trade Ont. Wheat For Western Grain

A number of farmers feeding wheat in Western and Central Ontario are trading their Ontario winter wheat for Western wheat and making 25 to 30 cents a bushel on the deal, according to advices reaching the Ontario Department of Agriculture.

This not only gives the farmers bushel for bushel, but a tidy profit as well which may be put to various cash uses such as repair parts for machinery, purchase of baby chicks, commercial fertilizers, etc.

With feed on many farms showing prospects of running low before pasture time, many farmers are exchanging wheat and putting the profit into more Western grain. This is true in a number of counties, according to dealer reports, where half the wheat crop is yet to be sold or fed. These dealers state that Lambton farmers are trading their wheat freely making 30 cents a bushel on the deal. Huron reports more wheat is being

NO COVERED WAGON FOR THIS TRAVELLER

It was a recently arrived European who called at the Information Office of the Canadian National Railways in Bonaventure Station, and inquired: "At what hour can I leave for Cleveland?"

"By Buffalo?" countered the Information Clerk having in mind variations in routing.

"Oh, no, by train," responded the would-be traveller.

CHIMNEY FIRE

Grimsby Fire Department were called to the scene of a chimney fire on Wednesday afternoon about 12:20 at the home of Mrs. Pauline Scocylas, 48 Depot Street. No damage resulted.

Traded all the time with 30 cent profit. Bruce farmers are also trading and so are those in North York, according to reports.

The Ontario wheat being exchanged is going to the millers for pastry flour, it is stated.

TENDERS FOR COAL AND COKE

SEALED Tenders addressed to the undersigned and endorsed "Tender for Coal" will be received until 3 P.M. (E.D.S.T.) Monday, February 9, 1942, for the supply of coal and coke for the Dominion Buildings throughout the Province of Ontario.

Forms of tender with specifications and conditions attached can be obtained from the Purchasing Agent, Department of Public Works, Ottawa; and the supervising Architect, 36 Adelaide St. East, Toronto, Ont.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto. Coal dealers' licence numbers must be given when tendering.

When the amount of a tender exceeds the sum of \$5,000.00—whether it be for one building only or more—the tenders must attach to their tender a certified cheque on a chartered bank in Canada, made payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque, if required to make up an odd amount.

The Department also reserves the right to demand from any successful tenderer a security deposit, in the form of a certified cheque or bond as above, equal to 10 per cent of the amount of his bid, to guarantee the proper fulfillment of the contract.

By order,
J. M. SOMERVILLE,
Secretary.

Department of Public Works,
Ottawa, January 21, 1942.

FOR SALE

All trains operate on standard time. Full information from Agents.

Canadian National

Christmas Day At an R.A.F. School

"We've 'ad it', as they say over here—and it wasn't too bad either. I must say they really tried to make it as cheery as possible. After church this morning all the Canadians received a pair of socks, 30 cigarettes, 2 chocolate bars and five razor blades, a nice gesture and given to us by Canadian officers. The dinner following was all that could be asked for. As we went into the dining room each man was given 10 cigarettes and a bottle of ale, then the dinner—turkey, potatoes, Brussels sprouts, apple sauce, pork and dressing, mince pie, pudding and sauce and an apple. We sang innumerable songs and really had a time of it. All the McMaster boys managed to get together at one table. Oh, yes, forgot to mention we had an egg for breakfast.

After dinner we opened our parcels and had our own little Christmas tree from which I received a can of meat—settled down in the afternoon to hear the King and he seemed to be speaking to us personally. Of course that is just my own opinion. . . .

Excerpts of a letter from Johnny McCallum.

Local Boy Has New Post In Canada's North

A former Grimsby public school pupil, Lloyd Richards, son of Rev. T. E. and Mrs. Richards has been sent to Canada's far north—240 miles north-west of Edmonton, in fact. Mr. Richards, who is a meteorologist, went north from Moncton, New Brunswick, where he was attached to the R.C.A.F. airport there. He is to install a new meteorological station.

Mr. Richards graduated from McMaster University, where he studied mathematics and physics, a year and a half ago. He was sent to Moncton after taking a "crash" course in three weeks due to the shortage of men qualified to undertake this specialized type of work. He will have to fly from Edmonton to his new post, as there is no other means of transportation in that part of the country.

Bd. of Education

(Continued from page 1)
had left when the business of 1941 was concluded, plus another \$200 revenue from sundry accounts such as rental of the auditorium, etc.

Thus the requisition from the Town Council this year is set at \$800 more than last year, and the requisition for this amount will probably be ready for the Council meeting next Wednesday evening.

The advisability of holding the cadet corps this year was sharply questioned by several members when an item was included in the draft of the budget for uniforms for the boys and girls of the high school.

Trustee Mrs. L. A. Bromley stated that the curriculum which had been laid down by the Department of Education made it appear that the military had "run all over the department officials." She stated that map reading, signalling, and other subjects on the cadet course could not be properly taken along with matriculation work.

"With the short school year which we are having, they are going to have little enough time to do much more than get their school subjects," she said.

"For a country at war, we aren't doing very much, though, are we?" suggested Trustee Spencer Merrill. Trustee Dr. A. F. McIntyre remarked that in totalitarian countries military training was started at the age of six, while "we are sitting back and like the rest of the country letting someone else win the war for us. We're fighting against that sort of thing," he went on, "but if we don't adopt some of their tactics, we won't get very far."

In Memoriam

JEFFERY—In loving memory of John Jeffery who passed away on February 7th, 1942.

And while he lies in peaceful sleep, His memory we will always keep. Always remembered by sister and family.

NELSON—In loving memory of dear father, T. H. Nelson, who passed away February 9th, 1941. Sweetest of memories are all that are left of a dear loving father one of the best.

Ever remembered by Bertha and husband and grandson, Harley.

Obituary

W. A. PATTERSON

A lifelong resident of the district in the person of William Alvin Patterson, passed away at his home in North Grimsby township on Thursday, January 29th, following a lingering illness.

The late Mr. Patterson who was in his 64th year, was born in South Grimsby on September 27, 1855, a son of the late James and Catharine (Althouse) Patterson, who were also born in the district.

In earlier years Mr. Patterson was engaged in the general farming business in South Grimsby, and during the past 41 years had successfully conducted a fruit farm in North Grimsby.

For 23 years Mr. Patterson served as tax collector for the township, resigning several years ago. He was a member of Trinity United church, Grimsby and at the time of his death was on the session board.

Surviving besides his wife, are one son, Emory Patterson, North Grimsby; one sister, Mrs. A. Marshall, Aurora; and a grandson, Owen Patterson, who is attending Western University, London.

The funeral service was conducted on Saturday afternoon from his late home, Main street, east, by Rev. W. J. Watt, of Trinity United church. Interment was made in Queen's Lawn cemetery, the following being pallbearers: John Dudge, C. P. Brown, Murray Beamer, Alfred Dow, Gordon Lysit and Peter Graham.

Coming Events

L.O.D.E. open bridge at the home of Mrs. R. O. Smith, Main Street, West, Monday, February 9th, at 2.45 p.m.

St. John's Church Beaver's Club cordially invite you to a Penny Sale on Friday, February 13th, at 8.30 p.m., at the home of Mrs. Clarence McIninch, Elizabeth St. Good prizes. Charge 25 cents.

The regular meeting of Trinity Service Club will be held in Trinity Hall on Tuesday, February 10th at 2.45 p.m. sharp. Rev. W. J. Watt, speaker. All members are urged to attend.

Born

PHIPPS—At Mount Hamilton Hospital, on Friday, January 30, to Sgt. Lloyd and Mrs. Phipps, a daughter, Jacqueline Ann.

Obituary

MRS. ANNIE WEBSTER

The sympathy of the entire community will be extended to Rev. Father F. I. Webster, P.P., in the sad loss suffered in the death of his mother, Mrs. Annie Webster, widow of Edward Webster, which occurred at St. Catharines, on Saturday afternoon following a lengthy illness.

The late Mrs. Webster came to this district from Yorkshire, England, 37 years ago. She was an ardent member of St. Catharines church, and for many years was president of the Catholic Women's Guild. As well, she was a member of the Catholic Women's League and the League of the Sacred Heart. The deceased was also a talented artist.

Besides Rev. Webster in Grimsby, she leaves to mourn her demise, three daughters, Miss Mary, Miss Margaret and Mrs. M. J. (Teressa) O'Brien, all of St. Catharines.

Funeral service was held from the residence of her daughter, Mrs. O'Brien, on Tuesday morning at 10 o'clock, at St. Catharines church, where High Mass of Requiem was sung at 10.30 o'clock, with interment being made in the family plot in Victoria Lawn cemetery, St. Catharines.

At Moore's Theatre

"Sundown" the film version of Harro Lyndon's African adventure melodrama, which comes to the screen at Moore's Theatre on Monday and Tuesday, February 9th and 10th, specialities, above all, in atmosphere and action. This widely read story, which was serialised in the "Saturday Evening Post" presents an element of timeliness inasmuch as the plot concerns German-inspired uprisings among native tribes of the Dark Continent and the bearings such agitations have on the current world conflict. Specially the story tells of the valiant efforts and ultimate success of a handful of brave Brits in quelling one typical revolt in a remote outpost and the assistance given them by a loyal English girl posing as a half-caste native. Gene Tierney, more ravishing than ever as the alleged half-caste, both heads and dominates the cast, all members of which may be credited with sincere performances, including Bruce Cabot, George Sanders, Harry Carey, Joseph Calleia, Sir Cedric Hardwicke.
